

# The Kindness Concert Experience Sponsorship Invitation

**We all know kindness is important  
Yet our world is becoming more divided.  
We need to find common ground.**

Music brings people together. Most people have songs that inspire them and guide them through life. The power of one line in one song can be a life-saver – I know. These lyrics helped me through my darkest days.

*In the darkness, don't lose your way. There is peace right here today. ~~~  
RECIPROCATION – Turn the wheel. Bring us together, Let us heal.*

- From the song “Reciprocation” by Scottie Miller

Whatever circumstances we are dealing with, we can still be kind, to ourselves and others. Kindness creates peace.

Music and the people behind the scenes have inspired the start of a movement.
